

DecoPrint-H60 – H200

NEW APPROACH IN HOT STAMPING

Application possibilities

- Hot stamping for various articles among others for the plastic-, food-, packaging- and automotive-industry.

Main features

- **Energy efficiency**
30 – 50 % energy saving in relation to conventional hydraulic presses
- **Highest precision and reproducibility**
due to servo motor
- **Clean working conditions**
as no hydraulic oil and compressed air is used
- **Simplest operation and changeover**
adjustment of hot stamping parameters at the panel
- **Plug and Play**
Easily move within the factory

Technical data

• Type	DecoPrint-H60	DecoPrint-H120	DecoPrint-H200
• Stamping press.	60 kN (6t)	120kN (12t)	200 kN (20t)
• Loading depth	300 mm	400 mm	400 mm
• Heating head	up to 400 x 300 mm	up to 500 x 400 mm	up to 600 x 400 mm
