

DecoRoll-AP

HOT STAMPING MACHINE FOR COSMETIC PARTS

Application possibilities

- High precision roll-on hot stamping system for cylindrical, oval and conical parts.

Main features

- Quick change-over from one product to another
- Equipped with flat dies or cylindrical silicon rubber rollers
- Highest hot stamping accuracy
- Various feeding systems or In-line connection
- High availability and reliability
- Simple operation
- Compact design

Technical data

- Output up to 40 parts / minute
- Part diameter \varnothing 8 – 50 mm
- Part length up to 100 mm
- Temperature up to 300 C
